

## EDUC7554 : Innovative Instruction

This course provides students with innovative strategies and approaches to instructional practice utilizing the H.A.C.K. Model of Instruction (Highly-Structured, Allowed Choices, Consistent Application, Knowledge-Centered). While this course will include a comprehensive overview of the H.A.C.K Model, its primary focus will be on providing practices that build an innovative instructional mindset and increase student/teacher capacity in leveraging technology to meet outcomes through stages H (Highly Structured) and A (Allowed Choices) of the model.
